G2L5203P
PS/2 KVM Cable 10 Ft

The cables connecting your PS/2 computers to your GCS1716 or GCS1808 KVM switch determine the quality of communication between the CPUs and the switch. Our custom-made cables are designed to provide the highest signal capacity with the lowest signal loss. This important technology produces the highest quality video output - even after long distance transmission or in the most electronically noisy environments such as server cabinets. IOGEAR's premium custom-made KVM cables guarantee optimum signal integrity for high-grade server needs. The keyboard and mouse cables are made of double-sealed 22-gauge wire and are neatly wrapped with a heavy-duty video cable for simplified connections.

- 10ft bonded KVM cable with PS/2 and VGA connections
- Cables connecting your PS/2 computers to your GCS1716 or GCS1808 KVM switch

- Custom made cables maintain the signal's optimal integrity and quality
- Convenient and functional cable design with double-shielded 22 gauge for keyboard, mouse and a UL-2919 video cable

How does it work?

Coaxial Cables for Red, Green and Blue video signals to reduce radio frequency interference

Copper Braid RF shield cables to reduce RF interferance even in the most electronically "noisy" environment.

Inside IOGEAR's Premium KVM Cable

Requirements

A GCS1716 or GCS1808 KVM Switch
Computers with PS/2 and VGA connections.

Package Contents

1 x 10ft PS/2 KVM Cable

Specifications

Function	G2L5203P		Dimensions	G2L5203P
Console Connectors			**Unit Dimensions**	
Keyboard, Mouse, and Monitor	15 pin HDB Male		Length	10ft
CPU Connectors			**Unit Package Dimensions**	
Mouse	6 pin mini-DIN Male		Width	8.25in.
Keyboard	6 pin mini-DIN Male		Height	9.875in.
Monitor	15 pin HDB Male		Depth	1.25in.
			Master Carton	
			Width	11.25in.
			Height	7.625in.
			Depth	15.25in.
			Master Carton Qty.	24
			Weight	
			Master Carton Wt.	17.2lb
