IOGEAR®

GHDC200A

Premium High Speed HDMI® Cable 1.6 ft

- Certified by HDMI Licensing LLC with Anti-counterfeiting Label
- Premium 4K HDMI 2.0 Standard
- Delivers 18Gbps bandwidth (6.0Gbps/channel) with High Dynamic Range (HDR)
- Dual Video Streams
- Gold-plated Connectors for Premium Quality

Premium High Speed HDMI® Cable

Not all cables are created equal. A step above the rest, IOGEAR's Premium Certified Cable has undergone the strictly regulated cable testing requirements and achieved the best practices of the Premium HDMI Cable Certification Program established by HDMI® Licensing LLC. HDMI Authorized Testing Centers (ATC) have certified that each cable can reliably support the full 18Gbps bandwidth of the HDMI 2.0 specification and protect against EMI interference with wireless signals from other connected devices. You will enjoy peace of mind knowing that you have acquired a high speed HDMI cable which has been rigorously controlled at every point in the development process and will serve as a vital component in successfully delivering the latest HDMI-enabled digital audio and video and feature-rich 4K content. Available in 1.6ft, 3.3ft, 6.6ft and 9.8ft lengths.

Rely on the Cable with the Label

Once the Premium High Speed HDMI Cable has passed the rigorous testing requirements at an HDMI ATC, each cable is adorned with an official Premium HDMI Cable Authentication Label to differentiate it from other HDMI cables. This label also prevents counterfeiting and carries with it both a QR code and a unique holographic fingerprint. You can use the HDMI mobile verification app available for download from various app stores to complete the 2-level authentication scan and verify the cable's authenticity, certification and product information.

- Tested and certified by HDMI Authorized Test Centers to ensure the highest level of HDMI performance
- Supports high-bandwidth as specified in HDMI 2.0b specification and video resolutions up to 4K @60Hz
- Supports DTS-HD Master Audio™, Dolby TrueHD™ and other high-definition audio standards

- Enables transmission of High Dynamic Range (HDR) video
- Delivers full 18Gbps bandwidth (6.0Gbps/channel)
- Supports IR Remote signal transmission to control source device
- Simultaneous delivery of dual video streams to a single display
- Gold-plated connectors for optimal signal transfer

Requirements

- **Display**
- 1 HDMI Input
-
- **Media Source**
- 1 HDMI Output
-

Package Contents

- 1 x 1.6ft Certified Premium 4K HDMI Cable
