GKB704L-WT

IOGEAR HVER Aluminum 104-Key Computer Keyboard - Imperial White

- Brushed aluminum chassis provides a solid, flex-free durable platform
- Double injected keycap characters never wear off
- RGB multi-zone backlight with seven (7) lighting patterns
- Simple key customization with programmable software

7-Color LED Backlight

IOGEAR HVER Aluminum 104-Key Computer Keyboard adds a bit of flare with functionality through the dedicated lighting button. The LED key lets you set your choice of LED backlight colors Green, Blue, Yellow, Purple, Aqua, White or Red or select all and the backlight will slowly pulse while rotating between them. Multiple dimming levels make it easy to set the proper key illumination when working or gaming in low light settings.

Loaded with Premium Gaming Features

The IOGEAR HVER comes packed with features to take your gaming experience to the next level. HVER features 26 anti-ghosting keys. This means that the keyboard will register all your key presses even when you're mashing multiple keys at the same time, especially in those intense gaming sessions. The keyboard also has a Windows key lock function that prevents accidentally opening the Windows menu while gaming. The heavy weighted base of the keyboard also increases stability while gaming to prevent sliding.

- Brushed aluminum chassis provides a solid, flex-free platform
- 26 Anti-Ghosting keys so you never miss a keystroke!*
- 7-Color LED backlight with adjustable brightness
- Double injected keycap characters never fade
- Windows key lockout
- Plunger key design offers a solid tactile feel

- Weighted base for added stability

*26 Anti-Ghosting keys refers to the following keys covering most 3-key combinations used in gaming: Q, A, Z, W, S, X, E, D, C, B, R, F, V, T, G, M, Caps Lock, Space, ?(UP), ?(Down), ?(Left) , ?(Right), Tab, L-Ctrl, L-Shift, L-Alt.
