Kaliber Gaming KORONA RGB Gaming Mouse

- 7 buttons with macro programming software
- RGB backlighting with 11 lighting modes
- Up to 5000 dpi optical sensor
- Shift-on-the-fly dpi adjustment
- Double injected non-slip rubber side panels

RGB Gaming Mouse

Kaliber Gaming's KORONA RGB Gaming Mouse is an excellent choice for both up-and-coming gamers, as well as experienced enthusiasts that want great performance at a great value. KORONA gets its name from the multi-colored ring of LEDs that surround the mouse in beautiful RGB illumination, like the corona which surrounds the sun. Inside KORONA is an impressive gaming-grade optical sensor delivering excellent performance in all FPS, MMO and RTS games. On the outside KORONA features a classic shape with anti-slip rubber side panels that provide a comfortable, non-slip grip for extended gaming sessions. Shift-on-the-fly dpi buttons and built-in memory for storing custom macros round out the key features that help make KORONA an excellent performer and an overall great value.

Macro Buttons

Use the Kaliber Gaming software to program up to 7 buttons with macros or custom functions
