

GTC01-BK

Thunderbolt™ Cable - 3.3ft (1m) Black

Thunderbolt™ Cable

Thunderbolt™ is a state-of-the-art data transfer technology that supports high-performance data devices (RAID, 4K content, etc.) through a single port. Perfect for connecting Ultra High-Resolution Displays, IOGEAR's Thunderbolt Cables can also daisy chain up to six devices for simplified connectivity. Thunderbolt 2 users can take advantage of transfer speeds of up to 20Gbps, with support for DisplayPort 1.2 displays. Thunderbolt 2 uses the same cables, connectors, and works with existing Thunderbolt devices.

What is Thunderbolt™ Technology?

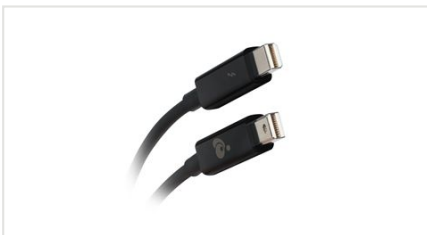

Thunderbolt technology offers the fastest data transfer for Mac or PC systems, featuring a bi-directional speed up to 10Gbps- twice the speed of USB 3.0. Offering the ability to daisy chain multiple devices, Thunderbolt cables provide a simple solution for connecting hardware such as monitors, hard drives and other high-speed, high-bandwidth devices through one port.

For a longer version of this cable, see [Thunderbolt Cable - 6.8ft \(2m\) Black](#)

- Operates at up to 20Gbps with Thunderbolt™ 2*
- Supports raw 4K video file transfer and display simultaneously
- Daisy chain up to 6 Thunderbolt devices
- Dual channel, bi-directional data transfer

- Transfer a full-length HD movie in less than 30 seconds
- Add 1TB backup in less than 5 minutes

*For systems that include Thunderbolt™ 2, users can take advantage of transfer speeds of up to 20Gbps

How does it work?

Thunderbolt Monitor

Thunderbolt
Computer

Thunderbolt Storage

Requirements

- Thunderbolt enabled Mac or PC
- Thunderbolt equipped peripheral device

Package Contents

- 1 x Thunderbolt Cable 3.3ft (1m)

Specifications

Function	GTC01-BK	Dimensions	GTC01-BK
Cable Connections		POP Information	
Input	Thunderbolt? Male Connector	10" Peg Hook	24
Output	Thunderbolt? Male Connector	6" Peg Hook	12
Cable Length		Unit Dimensions	
	3.3 ft (1m)	Height	0.44" (1.12cm)
Cable Type		Depth	0.31" (0.78cm)
	Thunderbolt? 2 Cable	Length	40" (102cm)
Humidity		Inner Pack	
	20-80%, (Non-condensing)	Width	9.8" (24.89cm)
Operating System Support		Height	5.25" (13.33cm)
	Thunderbolt? enabled Mac or PC	Depth	4.2" (10.66cm)
Operating Temperature		Inner Pack Qty.	12
	20 - 50 degrees (Celsius)	Unit Package Dimensions	
Storage Temperature		Width	4.25" (10.80cm)
	0 - 70 degrees (Celsius)	Height	9.25" (23.50cm)
Transfer Rate		Depth	0.5" (1.27cm)
	20Gbps with Thunderbolt? 2	Master Carton	
		Width	20.4" (51.82cm)
		Height	6.75" (17.14cm)
		Depth	9" (22.86cm)
		Master Carton Qty.	48
		Weight	
		Master Carton Wt.	6lb (2.72kg)
		Inner Pack Wt.	1.25lb (0.567kg)
		Unit Pack Wt.	0.08lb (0.0363kg)
		Unit Wt.	0.059lb (0.0269kg)
