# Share Pro™ Mini Wireless Video HDMI® Transmitter and Receiver Kit

- Wirelessly share full HD content from an HDMI laptop or tablet to a larger TV or display
- Eliminate the need and expense of running unsightly HDMI cables
- Connect temporary or permanent sources and a TV/display without wires
- Mirror or expand content to a larger screen for effortless viewing
- Reaches an in-room wireless range of up to 40 feet

## Share Video From Your HDMI®-Enabled Laptop or Tablet to a Larger TV

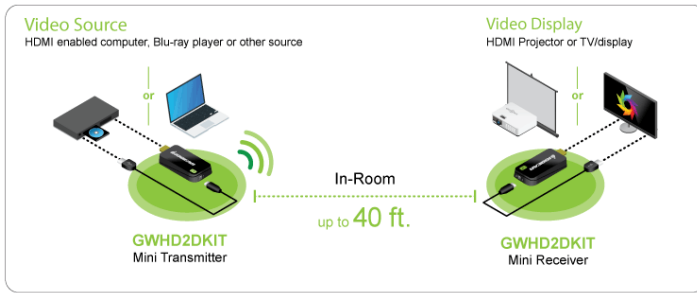

IOGEAR's Share Pro™ Mini Wireless HD Video Transmitter and Receiver eliminates unsightly, expensive HDMI cable runs to a laptop, tablet or other AV source in the home, office or on-the-go. Effortlessly share Full HD content wirelessly from an HDMI-enabled source to a larger in-room TV or display up to 40 feet away. Create a dedicated, high-speed AV connection without an existing wireless network. Share Pro also travels to meetings, class or on vacation thanks to its portable, compact design.

## From a Small Screen to a Large Screen

Share HD content with guests, coworkers or classmates from your HDMI-enabled laptop, tablet or other AV source to a larger in-room screen up to 40 feet away for effortless expanded or mirrored viewing.

- Wirelessly share Full HD content from an HDMI laptop or tablet to a larger TV or display
- Eliminate the need and expense of running unsightly HDMI cables
- Connect temporary or permanent sources and a TV/display without wires
- Mirror or expand content to a larger screen for effortless viewing
- Reaches an in-room wireless range of up to 40 feet
- Simple, straightforward setup - No software required
- Portable design is ideal for home, office, school or on-the-go
- Utilizes the 5 GHz wireless frequency band for reduced interference
- Dedicated direct connection does not require a local wireless network
- Supports 1080p @60Hz High Definition audio & video streaming
- Transmitter is powered from the USB-A port on your laptop or tablet
- Power receiver via included USB cable from display's USB port or the included wall adapter
- HDMI & HDCP1.2 compliant
- Windows & Mac compatible
