

GWMHDKIT22

## Expandable Wireless HDTV Connection Kit

- Wirelessly connect a HDTV to a video source such as cable boxes, Blu-ray players, laptops, and more
- Avoid the hassle of expensive and disruptive wiring
- Expandable up to 10 TVs from 10 selectable HDMI sources
- 10 Independent wireless channels with no interference
- No wireless pairing required- Just match the receiver channel to transmit channel

### Eliminate Cables Without Sacrificing HD Quality

This dedicated wireless solution sets up quickly and doesn't require a WiFi network. Connect a source device such as a cable box or satellite receiver, laptop or game console to an HDTV and transmit High Definition video and audio up to 150 feet through walls and doors.\* With support for HD resolutions up to 1080p, you can eliminate your HDMI cables without sacrificing picture or sound quality.

(1080p @ 60fps)</li> <li>• Penetrates walls for flexible setup*</li> <li>• High fidelity H.264 video compression</li> <li>• Control video sources with their original remote controls via included IR remote kit</li> <li>• No existing WiFi network required</li> <li>• Advanced wireless technology- 5GHz</li> <li>• WPA-2 wireless security</li> </ul> |
|---|---|
- \* Ideally best performance is obtained using line-of-sight. Distances may vary depending on environment. Solid and non-porous materials such as steel, concrete, brick and glass (varies depending on coating and thickness) may cause shorter viewing distances or loss of signal.

### Requirements

- 1 HDMI video source connection
- 1 HDMI display connection

### Package Contents

- 1 x GWMHDKIT22 Transmitter
- 1 x GWMHDKIT22 Receiver
- IR Remote Control to Select Transmitter or Receiver Channels
- 2 x 3 Foot High Speed HDMI (TM) Cables
- 1 x IR Blaster Extension cable
- 1 x IR Receiver Extension cable
- 2 x 5VDC/2A Switching Power Supply
- 1 x Quick Start Guide
