---

**GUN262WE**  
PART NO. Q1374

# Package Contents

1

- 1 x High-Speed USB File Transfer Cable
- 1 x Quick Start Guide
- 1 x Warranty/Registration Card

## System Requirements

Windows® 2000 / Windows® XP / Windows Vista® / Windows® 7 /  
Windows® 8 and Mac OS® X v10.4 or later

## Connection - PC to PC

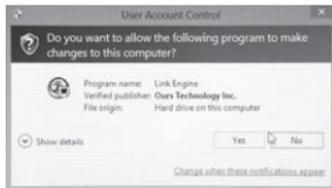

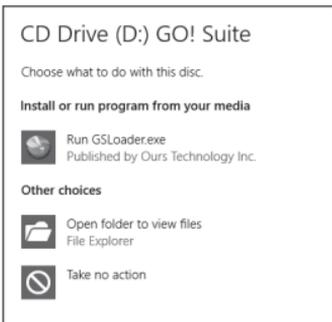

1. Plug in High-Speed USB File Transfer Cable into a USB port on each computer.

### Windows 8

Windows 8 users will see this message pop up in the upper right corner.

**CD Drive (D:) GO! Suite**  
Tap to choose what happens with this disc.

Click on the box to bring up the auto play menu, then select Run GSLoader.exe. When the next screen comes up click “Yes”.

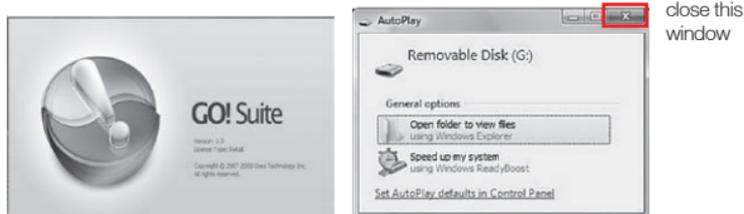

## Windows 7 or Vista

Windows 7 or Vista users will see the pop up windows below. Click Run GSLoader.exe. Close the “VirtualLink” window.

## Windows XP or 2000

Windows XP or 2000 users will see the pop up windows below. Close the “AutoPlay” window wait for “GO! Suite” to load.

2. On the GO!Suite menu, please click on your choice:

**GO! Bridge:** allows easy share and transfer of data between two connected computers.

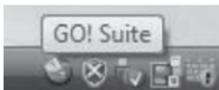

**Remote Share:** allows two Windows PCs to share a single Internet connection and/or CD/DVD drive.

**Folder Sync:** allows one-way or two-way synchronization of folders between two connected computers.

**Outlook Sync:** allows easy synchronization of Microsoft Outlook mail, contacts, calendar, tasks, journals, and notes between two connected PCs.

3. After connection is complete, the GO! Suite icon can be found in the system tray at the lower right portion of the screen. If you close the GO! Suite application for any reason, you can simply reopen it from the system tray.

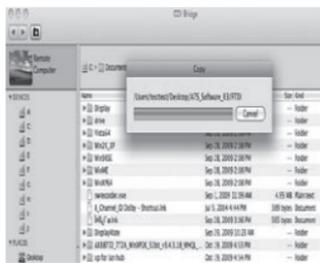

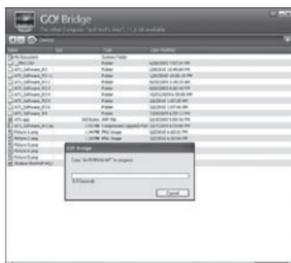

1. Plug in High-Speed USB File Transfer Cable into a USB port on each computer. On the Windows computer, follow the instructions for PC to PC connections shown for your version of Windows. After launching the GO! Suite software, proceed to step 2.
2. Once the High-Speed USB File Transfer Cable is plugged into the Mac computer, the icon below will appear on the desktop.

3. Click the GOSuite icon, then open the GO!Bridge application inside the GOSuite window.

4. The GO! Bridge Window will open and you can begin transferring files between your PC and Mac computers.
