**Keyboard – Back View**

1. On/Off Switch
2. Connect Button
3. Stow-Away Stand
4. Battery Cover

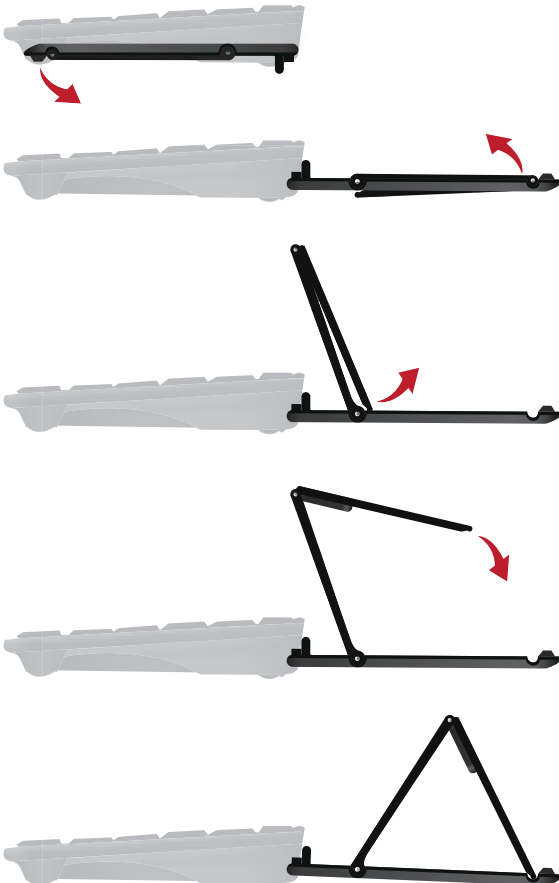

## Installing the batteries:

1. Open the battery cover on the back of the keyboard.
2. Insert two AAA batteries. Make sure the batteries are installed in the orientation shown inside the battery tray.
3. Close the battery tray.

## Using the built-in stow-away stand:

The built-in stow away stand is designed with 3 viewing angles to support your smartphone/tablet in portrait or landscape mode. The following diagram shows how to deploy the stand:

## Pairing GKB631B with a Bluetooth enabled device:

### Option 1:

1. Turn on the Bluetooth function in the device.
2. Switch GKB631B power to the On position.
3. Press fn + 1 on the Bluetooth keyboard, then release both keys.
4. Press "Connect" button on the back of the keyboard to activate Bluetooth pairing mode.
  - a. The Blue LED will flash slowly.
5. Open Bluetooth settings on the Bluetooth enabled device
6. Add (Search) for new devices. Select IOGEAR GKB631B Keyboard from the list of the available devices.
7. The device will show connected after the GKB631B has been successfully paired.

### Option 2:

1. Turn on the Bluetooth function in the device.
2. Switch GKB631B power to the On position.
3. Press fn + 1 on the Bluetooth keyboard, then release both keys.
4. Press fn + backspace for 5 seconds to activate Bluetooth pairing mode.
  - a. The Blue LED will flash slowly.
5. Open Bluetooth settings on the Bluetooth enabled device
6. Add (Search) for new devices. Select IOGEAR GKB631B Keyboard from the list of the available devices.
7. The device will show connected after the GKB631B has been successfully paired.

### Multi Pairing:

1. To pair another Bluetooth device to GKB631B, follow the steps under **Pairing GKB631B with a Bluetooth enabled device** and substitute fn + 2 for the second device, fn + 3 for the third, fn + 4 for the fourth, fn + 5 for the fifth, and fn + 6 for the sixth device connected.

### Switching to the desired device:

1. Make sure to turn on Bluetooth for the desired device.
2. Press fn + the key for the device number (keys 1-6), then release both keys.
  - a. The LED will flash to indicate the device number (i.e. For example, when the 3rd paired device is selected, the LED will flash 3 times).
  - b. If the LED does not flash, there is no device paired or the paired device is not active.\*
3. Press fn + Tab to switch back and forth between the two most recently connected devices.

\*Note: If the user switches to an unpaired device number, there will be no LED confirmation and the user will need to wait approximately 5 seconds before switching to a different device.

| Android/iOS Hotkeys  | Operating System |
|--|------------------|
|  Back           | Android          |
|  Search         | Android/iOS      |
|  Screen Lock    | Android/iOS      |
|  Web Browser    | Android          |
|  Email          | Android          |
|  Gmail          | Android          |
|  Music Player   | Android          |
|  Previous Track | Android/iOS      |
|  Play/Pause     | Android/iOS      |
|  Next Track     | Android/iOS      |
|  Mute           | Android/iOS      |
|  Volume Down    | Android/iOS      |
|  Volume Up      | Android/iOS      |
|  Calendar       | Android          |
|  Contacts       | Android          |
|  Calculator     | Android          |

\*Note: All Android hotkeys may not be compatible with all Android devices. Compatibility depends on the version of Android installed on the device, as well as any manufacturer specific changes made to the Android version installed.

## FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential setting. This product generates, uses, and can radiate radio frequency energy and, if not installed and used as directed, it may cause harmful interference to radio communications. Although this product complies with the limits for a Class B digital device, there is no guarantee that interference will not occur in a particular installation.

## CE Statement

This device has been tested and found to comply with the following European Union directives: Electromagnetic Capability (2004/108/EC), Low Voltage (2006/95/EC) and R&TTED (1999/5/EC).
