10. Battery Cover
11. USB Receiver / Storage

Front View

Back View

Mouse Battery Installation

1. Open the battery cover on the bottom of the mouse
2. Insert one, or two of the included AA batteries as the diagram on the battery tray indicates*
3. Close the battery cover

USB Receiver Installation

1. Plug the USB receiver into an available USB port on your computer
2. Your Operating System will start to install the device driver automatically
3. No additional software is needed. Enjoy your new mouse!

* Weight Control / Energy Management

The mouse can be used with a single AA battery to save weight, but battery life will be significantly shorter.

Customize Mouse DPI

The mouse is equipped with a customizable DPI switch. The default setting is 1500 DPI. Simply adjust the DPI sensitivity to your liking by pressing the + / - buttons on the mouse. Pressing the + / - buttons will adjust LED to Red, Green, or Orange.

Each color represents a different DPI value:

Red: 1000 DPI

Green: 1500 DPI

Orange: 2000 DPI

Compliance Information

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential setting. This product generates, uses, and can radiate radio frequency energy and, if not installed and used as directed, it may cause harmful interference to radio communications.

FCC ID: QLEMSGKM552R

FCC ID: QLERXGKM552R

CE Compliance

This device has been tested and found to comply with the following European Union directives: Electromagnetic Capability (2004/108/EC), Low Voltage (2006/95/EC) and R&TTED (1999/5/EC).
