

# Quick Start Guide

Dock Pro™ Duo USB-C™ Docking Station

GUD3CDHTAA  
PART NO. Q1653

www.iogear.com

## Package Contents

1

- 1 x GUD3CDHTAA
- 2 x 1 Meter USB-C™ 3.2 Gen 1 C to C Cable
- 1 x External 230W Power Adapter
- 1 x Quick Start Guide
- 1 x Warranty Card

## System Requirements

### Host device requirements

- USB-C (Thunderbolt 3/4 compatible) device

### OS requirements

- Windows® 10, 11
- macOS® 10.13+
- DisplayLink Driver installation (<http://www.displaylink.com/downloads>)

**NOTE:** For M1 Mac Users, please check DisplayLink website for latest Mac Displaylink driver: <http://www.displaylink.com/downloads/macOS>

## Overview

- A. Host Switch Button
- B. USB 2.0 Port (Keyboard)
- C. USB 2.0 Port (Mouse)
- D. Audio In (Microphone)
- E. Audio Out (Headset/Speaker)
- F. 2 x USB-A 3.2 Gen2 (10Gbps)
- G. USB-C 3.2 Gen2 (10Gbps)

- H. Power On/Off Switch
- I. DC Power Jack
- J. USB-C 3.2 Gen2 (Up Stream Host A)
- K. USB-C 3.2 Gen2 (Up Stream Host B)
- L. HDMI Port up to 4096x2160 @60Hz (DP-Alt Mode Only)\*
- M. 2 x DisplayPort up to 4096x2160 @60Hz
- N. RJ-45 Gigabit Ethernet (10/100/1000Mbps)

2

## Hardware Installation

3

1. Connect power adapter to docking station.
2. Connect a compatible USB-C host device to host connection A.
3. Connect a compatible USB-C host device to host connection B.
4. Connect an HDMI cable to the docking station and then to a 4K capable HDMI monitor.\*
5. Connect a DisplayPort cable to the first DisplayPort connection on the docking station and then to a 4K capable DisplayPort monitor.\*\*
6. Connect a DisplayPort cable to the second DisplayPort connection on the docking station and then to a second 4K capable DisplayPort monitor.\*\*
7. Connect an RJ45 Ethernet cable to the ethernet port on the back of the docking station that is also connected to your modem/router.

\* Host computer must support DP-Alt mode

Hardware Installation

3

- 8. Connect a keyboard to the front USB-A 2.0 Port with the designated keyboard symbol\*\*\*
- 9. Connect a mouse to the front USB-A 2.0 Port with the designated mouse symbol.
- 10. Connect a speaker/headset to the designated Audio Out port.
- 11. Connect a microphone to the designated Audio In port.
- 12. Connect a USB-A device
- 13. Connect a USB-C device
- 14. Power on the device by flipping the switch to the on position on the back of the docking station (see previous page)

\* Host computer must support DP-Alt mode  
\*\* Requires installation of DisplayLink driver  
\*\*\* 104-Key Keyboard required to be plugged into this port for hotkey access

Video Tool Installaton

Compliance Information

Federal Communication Commission Interference Statement

This equipment has been tested and found to comply with the limits for a Class B digital service, pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. Any changes or modifications made to this equipment may void the user's authority to operate this equipment. This equipment generates, uses, and can radiate radio frequency energy. If not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna
- Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/TV technician for help

**FCC Caution:** Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

CE Statement:

This device has been tested and found to comply with the following European Union directives: Electromagnetic Capability (2004/108/EC), Low Voltage (2006/95/EC) and R&TTED (1999/5/EC).

A solid green vertical bar is positioned on the left side of the page, spanning the height of the main title and subtitle area.
