Docking Adapter*

1. Adapter No. 3 (for iPod Mini 4GB / 6GB)
2. Adapter No. 4 (for iPod 20GB / U2 Special Edition)
3. Adapter No. 6 (for iPod with color display 20GB / 30 GB / U2 Special Edition)
4. Adapter No. 11 (for iPod nano)

*Note: The docking adapter number is located in the back of it.

Installation

STEP 1

Connect your power cable to the Powerline Stereo Audio Station and the wall electrical outlet.

Note: Please avoid plugging it to power strip because some power strips have filters that would be blocking signal transfer via powerline.

STEP 2

If you are using iPod® as the music source, please insert the appropriate docking adapter into the docking station. (The docking adapter number is located in the back of it.) Then plug the iPod® into the docking station.

Note: If you are using iPhone® or iPod® touch, you can plug it into the docking station without using docking adapter.

STEP 3

Connect the RCA to RCA, RCA to 3.5mm or 3.5mm to 3.5mm audio cable (depending on the connection that your music source has) to the Powerline Stereo Audio Station and the music source, for example, your PC.

Installation

STEP 4

Plug the Powerline Stereo Audio Adapter to the power outlet

Note: Please avoid plugging it to power strip because some power strips have filters that would be blocking signal transfer via powerline.

FINAL STEP

Connect the RCA to RCA or RCA to 3.5mm cable (depending on the connection that your speakers has) to the Powerline Stereo Audio Adapter and your speakers, for example, your powered-speakers.

Operation

Input Selection

There are 3 different inputs available for the Powerline Stereo Audio Station. Press the Input Select button on the unit or from the remote control (for adapter only) to select the proper input.

Operation

Input	Description
iPod®	Streaming audio from the iPod that is connected to the docking station.
Input A	Streaming audio from the RCA connection
Input B	Streaming audio from 3.5mm connection

Channel Selection

There are 4 different channels, 1, 2, 3 and 4, to choose from. Press Channel Select button from the unit or from the remote control (for adapter only) to change channel.

Note: Make sure both Powerline Stereo Audio Station and Powerline Stereo Audio Adapter are on the same channel in order to function correctly.

Remote Control

Function	Description
▶/	Play/Pause (iPod only)
◀◀	Previous Play List (iPod only)
▶▶	Next Play List (iPod only)
◀◀	Previous song (iPod only)
▶▶	Next song (iPod only)
+	Increase volume
-	Decrease volume
IN	Change audio input
CH	Change audio channel
SRS	Turn SRS® on and off
